

Double Impact's

FUNDRAISING PACK

1 Thank You!

So, you've decided you want to raise funds to donate to Double Impact! Together, we'll be able to prevent more lives from being devastated by addiction.

Double Impact Services was established in 1998 by a former addict to support people to successfully recover from drug and/or alcohol dependence. Recovering from dependence on drugs or alcohol is a long term process and often requires rebuilding a life from scratch.

Many people they support have lost their home, their health, their job, family, friends, confidence and hope. Stopping or reducing using or drinking is usually not the biggest issue – the real challenge for individuals lies in their sustaining this in the long term and repairing the devastating consequences of their substance use. That's where Double Impact comes in.

stay safe!

We strongly recommend a good training plan to help you prepare for any long distance running event. A health check with your GP first is also a great idea!
