Total score

Scoring system:

Never = 0

Sometimes = 1

Most of the time = 2

Almost always = 3

By adding the scores on the three questions you will generate a score of between 0 and 9.

All of those who score 3 or more out of 9 should be offered a direct referral to GamCare East Midlands and should go on to complete the Full Form PGSI.

Those who score 1 or 2 are considered to be an 'at-risk' group and should be offered a referral to GamCare, as well as the provision of available self-help resources.

This group should also be offered and encouraged to complete the Full Form PGSI.

No further action is needed for respondents who score 0.

I agree to a referral being made for a full screening with GamCare
